Objective

A passionate Front-End Developer with hands-on experience in HTML, CSS, JavaScript, React, and PHP. I have successfully worked on freelance projects and have a solid understanding of back-end technologies like MySQL and MongoDB. Looking to contribute my skills to a dynamic team and grow as a professional in the web development field.

Education

B.Tech in Information Technology

Swami Vivekanand Institute of Technology

Skills

- **Front-End Technologies:** HTML, CSS, Bootstrap 5, JavaScript, React
 - **Back-End Technologies:** PHP, MySQL, MongoDB
 - **Tools & Libraries:** Git, Figma, VS Code
 - **Other:** Responsive Web Design, Cross-Browser Compatibility
-

Experience

Freelance Front-End Developer

Venus Trading | [may, 2024] – [july, 2024]

- Developed and designed a responsive website for Venus Trading, ensuring user-friendly navigation and optimized performance across different browsers.
 - Worked closely with the client to meet specific business requirements.
 - Implemented features using HTML, CSS, JavaScript, Bootstrap 5, and handled basic back-end tasks using PHP and MySQL.
-

Projects

Venus Trading Website

- Built a fully functional website from scratch using front-end and back-end technologies.
- Integrated database using MySQL and optimized the website for SEO and fast load times.
